

TOWARDS INDUSTRY 5.0 – CHALLENGES, GOOD PRACTICES AND LESSONS LEARNED FROM INDUSTRY 4.0 (READY4I5)

The READY4I5 project will likely increase the awareness of and stress the need to take into consideration and possibly implement the rules of Industry 4.0/5.0 to help organisations gain competitive advantage through the following planned **OBJECTIVES**:

- (1) Creating a transnational project consortium and developing a network for transnational cooperation facilitating the exchange of experiences and know-how among different types of organisations involved in Industry 4.0/5.0 education;
- (2) Facilitating the exchange of good practices in the field of Industry 4.0/5.0 implementation; and
- (3) Helping target groups increase the awareness of Industry 4.0/5.0 and creating more opportunities for professional development by boosting their knowledge and building their skills in the field of Industry 4.0/5.0.
