Objectives: What do we want to achieve by implementing the project:

- Ensure that training for migrants is more realistic, applicable, and inclusive
- Prepare digital content in training to reach a wider audience
- Establish a Migration Advisory Unit to provide support in employment, social cohesion, and life issues
- Examine examples of practices in different countries and transferring good practices
- Develop dialogue between different cultures and EU citizenship

In this concept our project is aiming to:

- ensure that migrants feel a sense of belonging to the culture and region of the country they have migrated to,
- enable them to adapt to this culture without losing their own values,
- improve their interpersonal skills and social participation,
- Examine examples of practices in different countries and transfer good practices,
- develop dialogue between different cultures and EU citizenship,
- improve language proficiency,
- develop respect for identifying our similarities and differences,
- establish permanent international relations.

Target Audience:

- Trainers and administrative staff working in adult education institutions
- Municipal and local government employees
- Migrant and refugee associations
- Migrant and refugee individuals and families
- Local residents living with migrants and refugees
- Representatives of sector organizations that can provide employment to migrants and refugees

ACTIVITIES (4 days each)

1. E-learning E-life

Italy, December 2025

In this event, the personnel involved in the education of migrants and refugees will be introduced to more eco-friendly and innovative e-learning platforms.

2. Second homeland

Greece, April 2026

In this activity, information on CV preparation, interview techniques, entrepreneurship, and social-cultural life will be provided for the social cohesion and employment of migrants and refugees.

3. Artificial Intelligence

Portugal, June 2026

In this event, migrants and refugees will learn applications that facilitate language learning and social life with digital skills and artificial intelligence training.

4. New home, new life

Turkiye, October 2026

This final activity will be conducted to evaluate the project, discuss how much the project goals have been achieved, and plan the dissemination and sustainability of the project.
